Anthropology

Bachelor of Arts (BA)

The Anthropology major is designed to serve two purposes: to provide a general education in anthropology for students who are pursuing a liberal arts education, and to provide preparation for graduate work for students who wish to become professional anthropologists. Students who do not intend to do graduate work in anthropology may plan their program with considerable freedom, so long as they fulfill the requirements of the major listed below. Students who plan to go on to graduate study, either at UC Berkeley or at another institution, should select a combination of courses to form a unified plan of study that meets special intellectual interests.

Declaring the Major

Before you are eligible to declare the major, you must have completed or be in the progress of completing two of the three prerequisite courses, with a Grade Point Average (GPA) of 2.0 or higher in all courses intended for the major. For more details regarding the prerequisites, please see the Major Requirements tab on this page.

To declare the major, you will need to complete these three steps:

- 1. Fill in completely the "Application and Petition to Declare Major"
- 2. Provide photocopies of transcripts showing courses satisfying the major prerequisites that you took anywhere other than Berkeley, with the grades you earned (continuing Berkeley students may request copies of their transfer transcripts from the Undergraduate Admissions Office in 110 Sproul Hall)
- 3. Meet with the Undergraduate Adviser in 209 Kroeber Hall during office hours

Declare the major as soon as you are eligible. You should declare the major no later than the beginning of your junior year; if you are a transfer student, you should declare the major during your first semester at UC Berkeley.

Honors Program

The Honors Program in Anthropology is an independently-pursued course of research undertaken by qualified students under the mentorship of a faculty thesis adviser. A GPA of 3.3 overall, and 3.5 in the major in courses completed at Berkeley is required to qualify for the program. A year-long senior program, it may begin in either the fall or spring semester. The program requires the sponsorship of an anthropology professor as thesis adviser and a second reader. The honors courses, ANTHRO H195A and Senior Honors (ANTHRO H195B), may also count as elective requirements for the major. Applications and more information are available at 209 Kroeber Hall.

Minor Program

The Department of Anthropology offers an undergraduate minor in Anthropology. In order to declare the minor, you will need to complete these three steps:

- 1. Complete the "Petition for Confirmation of Minor Program Completion" and the "Minor Application Form"
- Provide photocopies of transcripts showing courses satisfying the minor that you took anywhere other than Berkeley, with the grades you earned (continuing Berkeley students may request copies of

their transfer transcripts from the Undergraduate Admissions Office in 110 Sproul Hall)

3. Submit all documentation to the Undergraduate Advising Office in 209 Kroeber

In addition to the University, campus, and college requirements, listed on the College Requirements tab, students must fulfill the below requirements specific to their major program.

General Guidelines

- 1. All courses taken to fulfill the major requirements below must be taken for graded credit, other than courses listed which are offered on a *Pass/Fail* basis only. Other exceptions to this requirement are noted as applicable.
- No more than one upper-division course may be used to simultaneously fulfill requirements for a student's major and minor programs, with the exception of minors offered outside of the College of Letters and Science.
- 3. A minimum grade point average (GPA) of 2.0 must be maintained in both upper- and lower-division courses used to fulfill the major requirements.

For information regarding residence requirements and unit requirements, please see the College Requirements tab.

Students who have a strong interest in an area of study outside their major often decide to complete a minor program. These programs have set requirements and are noted officially on the transcript in the memoranda section, but are not noted on diplomas.

General Guidelines

- 1. All courses taken to fulfill the minor requirements below must be taken for graded credit.
- 2. A minimum of three of the upper-division courses taken to fulfill the minor requirements must be completed at UC Berkeley.
- 3. A minimum grade point average (GPA) of 2.0 is required for courses used to fulfill the minor requirements.
- Courses used to fulfill the minor requirements may be applied toward the Seven-Course Breadth Requirement, for Letters and Science students.
- No more than one upper-division course may be used to simultaneously fulfill requirements for a student's major and minor programs.
- 6. All minor requirements must be completed prior to the last day of finals during the semester in which you plan to graduate. If you cannot finish all courses required for the minor by that time, please see a College of Letters and Science adviser.

Undergraduate students in the College of Letters and Science must fulfill the following requirements in addition to those required by their major program.

For detailed lists of courses that fulfill college requirements, please see the College of Letters and Sciences (http://guide.berkeley.edu/archive/2014-15/undergraduate/colleges-schools/letters-science) page in this bulletin.

Entry Level Writing

All students who will enter the University of California as freshmen must demonstrate their command of the English language by fulfilling the Entry Level Writing Requirement. Fulfillment of this requirement is also a prerequisite to enrollment in all reading and composition courses at UC Berkeley.

American History and American Institutions

The American History and Institutions requirements are based on the principle that a U.S. resident graduated from an American university should have an understanding of the history and governmental institutions of the United States.

American Cultures

American Cultures is the one requirement that all undergraduate students at Cal need to take and pass in order to graduate. The requirement offers an exciting intellectual environment centered on the study of race, ethnicity and culture of the United States. AC courses offer students opportunities to be part of research-led, highly accomplished teaching environments, grappling with the complexity of American Culture.

Quantitative Reasoning

The Quantitative Reasoning requirement is designed to ensure that students graduate with basic understanding and competency in math, statistics, or computer science. The requirement may be satisfied by exam or by taking an approved course.

Foreign Language

The Foreign Language requirement may be satisfied by demonstrating proficiency in reading comprehension, writing, and conversation in a foreign language equivalent to the second semester college level, either by passing an exam or by completing approved course work.

Reading and Composition

In order to provide a solid foundation in reading, writing and critical thinking the College requires two semesters of lower division work in composition. Students must complete a first-level reading and composition course by the end of their second semester and a second-level course by the end of their fourth semester.

Breadth Requirements

The undergraduate breadth requirements provide Berkeley students with a rich and varied educational experience outside of their major program. As the foundation of a liberal arts education, breadth courses give students a view into the intellectual life of the University while introducing them to a multitude of perspectives and approaches to research and scholarship. Engaging students in new disciplines and with peers from other majors, the breadth experience strengthens interdisciplinary connections and context that prepares Berkeley graduates to understand and solve the complex issues of their day.

Unit Requirements

- 120 total units, including at least 60 L&S units
- Of the 120 units, 36 must be upper division units
- Of the 36 upper division units, 6 must be taken in courses offered outside your major department

Residence Requirements

For units to be considered in "residence," you must be registered in courses on the Berkeley campus as a student in the College of Letters and Science. Most students automatically fulfill the residence requirement by attending classes here for four years. In general, there is no need to be concerned about this requirement, unless you go abroad for a semester or year or want to take courses at another institution or through University Extension during your senior year. In these cases, you should make an appointment to see an adviser to determine how you can meet the Senior Residence Requirement.

Note: Courses taken through UC Extension do not count toward residence.

Senior Residence Requirement

After you become a senior (with 90 semester units earned toward your B.A. degree), you must complete at least 24 of the remaining 30 units in residence in at least two semesters. To count as residence, a semester must consist of at least 6 passed units. Intercampus Visitor, EAP, and UC Berkeley-Washington Program (UCDC) units are excluded.

You may use a Berkeley summer session to satisfy one semester of the Senior Residence Requirement, provided that you successfully complete 6 units of course work in the Summer Session and that you have been enrolled previously in the College.

Modified Senior Residence Requirement

Participants in the UC Education Abroad Program (EAP) or the UC Berkeley-Washington Program (UCDC) may meet a Modified Senior Residence Requirement by completing 24 (excluding EAP) of their final 60 semester units in residence. At least 12 of these 24 units must be completed after you have completed 90 units.

Upper Division Residence Requirement

You must complete in residence a minimum of 18 units of upper division courses (excluding EAP units), 12 of which must satisfy the requirements for your major.
