

# Social Welfare

An international leader in social work practice and social policy, Berkeley Social Welfare has prepared over 11,000 social work professionals and social welfare scholars for a range of leadership, research, teaching, and advanced practice roles. Since 1942 we have offered the undergraduate major in Social Welfare leading to the Bachelor of Arts (BA) degree, under the jurisdiction of the College of Letters & Science.

## Bachelor of Arts (BA) in Social Welfare

The Social Welfare undergraduate major emphasizes an education experience that is grounded in the liberal arts rather than specialized training in the profession of social work—thus its designation as a Bachelor of Arts (BA) degree, and not the professional Bachelor of Social Work (BSW) degree.

The Undergraduate Social Welfare major reflects Berkeley Social Welfare's goal to provide Berkeley undergraduate students with a broad-based introduction to America's social welfare problems and social policies within a social science context. Students gain knowledge of organized networks of public and private social services, and the basic practice methods associated with the social work profession. In doing so, students acquire the knowledge needed to understand, address, and actively participate in the amelioration of critical social problems in American society.

## Declaring the Major

**Social Welfare is a popular major, and prerequisite enforcement and enrollment controls are in place for required courses** to manage student demand. There are also limitations on the number of major declarations we are able to accommodate each year. Students interested in declaring the Social Welfare major should:

1. Thoroughly explore the Social Welfare field as a major and become familiar with the curriculum and its required sequence.
2. Complete the prerequisite entry requirements as soon as possible.
3. Be aware of priority deadlines to declare the major, and complete the Request to Declare application no later than in the semester they plan to have completed all of the prerequisites.

## Prerequisite Entry Requirements

All of the following prerequisites must be completed PRIOR to petitioning to declare the Social Welfare major:

1. Letters & Science Reading and Composition (R&C) requirement: The College of Letters & Science requires two semesters of lower division work in composition, Reading and Composition (R&C), parts A and B, in sequential order. All undergraduates must complete the R&C requirement by the end of their fourth semester. For information on courses that satisfy the R&C requirement, please see <http://ls-advise.berkeley.edu/requirement/rc.html>.
2. Introductory psychology: PSYCH 1 or PSYCH 2, or equivalent.
3. Introductory sociology: SOCIOL 1 or SOCIOL 3AC, or equivalent.
4. Introductory statistics: STAT 2, STAT 20, or STAT 21; SOCIOL 5; POL SCI 3; PB HLTH 142; or equivalent.

## GPA Guideline

All prerequisite courses must be successfully completed with a minimum letter grade of C.

## Equivalency Guidelines

Prerequisites can be satisfied at Berkeley, or through IGETC (<http://admission.universityofcalifornia.edu/transfer/general-education-igetc/igetc/>) or UC Reciprocity for transfer students. High school AP scores that are high enough to provide university units can be accepted in place of a prerequisite class.

## When and How to Declare the Major

Students wishing to declare the Social Welfare major must complete a *Request to Declare the Social Welfare Major* form and be accepted into the major in order to be eligible for enrollment in the introductory course SOC WEL 110. Because enrollment in SOC WEL 110 is restricted to majors, students should be declared by the time the pre-enrollment period begins ahead of the semester in which they plan to take SOC WEL 110.

- Students who enter UC Berkeley as freshmen should declare the major as soon as possible. Past trends indicate a student should complete the prerequisites by the end of their 3rd semester to declare the major in a timely manner for graduation within eight semesters at Cal.
- For transfer students, eligibility to declare a major begins and ends in the first semester at UC Berkeley, and all transfer students must declare in their first semester. For this reason transfer students wishing to declare the Social Welfare major should complete the Request to Declare application during the summer CalSO sessions in order to be eligible to begin courses in the major in the first fall term on campus.
- For all students, prerequisites should be completed as soon as possible since student demand for the Social Welfare major currently exceeds the total number of majors we are able to accommodate.
- Students will be notified of their request status as quickly as possible in order to be eligible to enroll in SOC WEL 110 in the following semester it is offered.

To Petition to Declare the Social Welfare Major:

1. Download the Petition to Declare a Major form on the Social Welfare web site at: <http://socialwelfare.berkeley.edu/undergraduate-program>.
2. Complete the petition form entirely, and attach transcript documents that verify you have satisfied all of the prerequisites. Unofficial copies are acceptable. Please highlight courses you are petitioning to count as satisfying any prerequisites.
3. Turn in your petition and all accompanying transcript documents to the Social Welfare Dean's Office in 120 Haviland Hall.

## Degree Requirements

To earn the Bachelor of Arts degree in Social Welfare, students must satisfy all requirements of the University of California, the Berkeley campus and the College of Letters & Science (see College Requirements tab), in addition to the requirements for the Social Welfare major. Social Welfare majors must complete four required upper division social welfare courses and a minimum of five approved social science electives, totaling at least 18 units, from other departments.

- All courses used to fulfill major requirements must be taken for a letter grade.

- In order to graduate, Social Welfare majors must earn a minimum GPA 2.0 in all courses taken to fulfill major requirements.

For information regarding residence requirements and unit requirements, please see the College Requirements tab.

## Upper Division Requirements

### Core Courses

SOC WEL 110	Social Work As a Profession	3
SOC WEL 112	Social Welfare Policy	3
SOC WEL 114	Practice in Social Work	3
SOC WEL 116	Current Topics in Social Welfare (or Approved Upper-Division or Graduate Social Welfare Course)	2

### Social Science Electives

Select a minimum of five approved social science electives, totaling at least 18 units (see below)

## Social Science Electives

Social Welfare majors must complete a minimum of five approved social science elective courses, totaling at least 18 units. At least three of the five elective courses must be selected from a primary social science department. The remaining two electives may come from either a primary or secondary department. Please see the Related Courses tab for master lists of currently approved primary and secondary social sciences courses approved as electives for Social Welfare majors.

### Primary Social Science Departments

- Anthropology
- Economics
- Political Science
- Psychology
- Sociology
- Upper division Social Welfare elective courses may be used as primary social science electives

### Secondary Social Science Departments

- African American Studies
- American Studies
- Asian American Studies
- Chicano Studies
- City & Regional Planning
- Demography
- Education
- Environmental Science, Policy & Management
- Ethnic Studies
- Gender & Women's Studies
- Health & Medical Sciences
- History
- Legal Studies
- Native American Studies
- Peace & Conflict Studies
- Public Health
- Public Policy
- Undergraduate Interdisciplinary Studies

## Supplemental Elective Units

Students who choose five social science electives which do not total 18 units will need additional coursework to supplement the five electives. Supplemental units can be chosen from the approved courses in either a primary or a secondary social science department, from elective Social Welfare coursework, group study, or community service units. Courses for supplemental units may be taken on a *Pass/No Pass* basis.

Undergraduate students in the College of Letters & Science must fulfill the following requirements in addition to those required by their major program.

For detailed lists of courses that fulfill college requirements, please review the College of Letters & Sciences (<http://guide.berkeley.edu/archive/2016-17/undergraduate/colleges-schools/letters-science>) page in this Guide.

## Entry Level Writing

All students who will enter the University of California as freshmen must demonstrate their command of the English language by fulfilling the Entry Level Writing requirement. Fulfillment of this requirement is also a prerequisite to enrollment in all reading and composition courses at UC Berkeley.

## American History and American Institutions

The American History and Institutions requirements are based on the principle that a US resident graduated from an American university should have an understanding of the history and governmental institutions of the United States.

## American Cultures

American Cultures is the one requirement that all undergraduate students at Cal need to take and pass in order to graduate. The requirement offers an exciting intellectual environment centered on the study of race, ethnicity and culture of the United States. AC courses offer students opportunities to be part of research-led, highly accomplished teaching environments, grappling with the complexity of American Culture.

## Quantitative Reasoning

The Quantitative Reasoning requirement is designed to ensure that students graduate with basic understanding and competency in math, statistics, or computer science. The requirement may be satisfied by exam or by taking an approved course.

## Foreign Language

The Foreign Language requirement may be satisfied by demonstrating proficiency in reading comprehension, writing, and conversation in a foreign language equivalent to the second semester college level, either by passing an exam or by completing approved course work.

## Reading and Composition

In order to provide a solid foundation in reading, writing and critical thinking the College requires two semesters of lower division work in composition in sequence. Students must complete a first-level reading and composition course by the end of their second semester and a second-level course by the end of their fourth semester.

## Breadth Requirements

The undergraduate breadth requirements provide Berkeley students with a rich and varied educational experience outside of their major program. As the foundation of a liberal arts education, breadth courses give students a view into the intellectual life of the University while introducing them to a multitude of perspectives and approaches to research and scholarship. Engaging students in new disciplines and with peers from other majors, the breadth experience strengthens interdisciplinary connections and context that prepares Berkeley graduates to understand and solve the complex issues of their day.

## Unit Requirements

- 120 total units, including at least 60 L&S units
- Of the 120 units, 36 must be upper division units
- Of the 36 upper division units, 6 must be taken in courses offered outside your major department

## Residence Requirements

For units to be considered in "residence," you must be registered in courses on the Berkeley campus as a student in the College of Letters & Science. Most students automatically fulfill the residence requirement by attending classes here for four years. In general, there is no need to be concerned about this requirement, unless you go abroad for a semester or year or want to take courses at another institution or through UC Extension during your senior year. In these cases, you should make an appointment to meet an adviser to determine how you can meet the Senior Residence Requirement.

Note: Courses taken through UC Extension do not count toward residence.

## Senior Residence Requirement

After you become a senior (with 90 semester units earned toward your BA degree), you must complete at least 24 of the remaining 30 units in residence in at least two semesters. To count as residence, a semester must consist of at least 6 passed units. Intercampus Visitor, EAP, and UC Berkeley-Washington Program (UCDC) units are excluded.

You may use a Berkeley Summer Session to satisfy one semester of the Senior Residence requirement, provided that you successfully complete 6 units of course work in the Summer Session and that you have been enrolled previously in the college.

## Modified Senior Residence Requirement

Participants in the UC Education Abroad Program (EAP) or the UC Berkeley Washington Program (UCDC) may meet a Modified Senior Residence requirement by completing 24 (excluding EAP) of their final 60 semester units in residence. At least 12 of these 24 units must be completed after you have completed 90 units.

## Upper Division Residence Requirement

You must complete in residence a minimum of 18 units of upper division courses (excluding EAP units), 12 of which must satisfy the requirements for your major.

## Berkeley Connect in Social Welfare

Berkeley Social Welfare is a participating department in the Berkeley Connect (<http://www.berkeleyconnect.berkeley.edu>) academic mentoring

program for undergraduate majors. Undergraduate students are paired with a graduate student mentor from the Social Welfare doctoral program. Participants are grouped by declared or intended major to allow students to discover mutual academic interests. Over the course of a semester, enrolled students participate in regular small-group discussions facilitated by a graduate student mentor (following a faculty-directed curriculum), meet with their graduate student mentor for one-on-one advising, attend lectures and panel discussions featuring department faculty and alumni, and go on field trips to campus resources.

## Social Welfare Undergraduate Honors Program

The honors program in social welfare provides an opportunity for qualified undergraduates to investigate thoroughly an area of interest, to work closely with a faculty member, and to produce a paper of some magnitude. Students who meet the eligibility requirements, which include a 3.5 grade point average (GPA) overall and in the major and completion of SOC WEL 110 and SOC WEL 112, may enroll in the Senior Honors Course (SOC WEL H195) in their senior year. The fall H195 (one unit) is a two-hour biweekly seminar addressing topic identification, library research, and the preparation of an annotated bibliography and essay prospectus. The spring H195 (three units) is an individual tutorial in which students prepare the honors thesis essay under the supervision of a faculty adviser.

Primary and secondary social sciences courses approved as electives for Social Welfare majors are listed below, followed by a listing of Social Welfare lower division and elective courses.

## Approved Primary Social Sciences Courses for Social Welfare Majors

### Anthropology

ANTHRO 112	Special Topics in Biological Anthropology	4
ANTHRO 115	Introduction to Medical Anthropology	4
ANTHRO 119	Special Topics in Medical Anthropology	4
ANTHRO 121C	Historical Archaeology: Historical Artifact Identification and Analysis	4
ANTHRO 139	Controlling Processes	4

### Social Welfare Lower Division & Elective Courses

#### SOC WEL 10 An Introduction to American Social Welfare in World Context 2 Units

Terms offered: Summer 2013 Second 6 Week Session, Summer 2012

Second 6 Week Session, Summer 2011 Second 6 Week Session

This course will consider the U.S. social welfare system in comparison with systems in other parts of the world, including Japan, Mexico, and the United Kingdom. It will examine the history and role of "welfare," "the welfare state," and the social work profession in the U.S. and in other countries and will consider key issues in contemporary social work practice. Topics such as discrimination, economic deprivation, and oppression and their effects on people of color, women, and gay and lesbian people will be highlighted.

An Introduction to American Social Welfare in World Context: Read More [+]

#### Hours & Format

**Fall and/or spring:** 15 weeks - 2 hours of lecture per week

**Summer:** 6 weeks - 5 hours of lecture per week

#### SOC WEL 20 Confronting America's Social Problems 2 Units

Terms offered: Summer 2015 First 6 Week Session, Summer 2014 10 Week Session, Summer 2014 Second 6 Week Session

America's recognition of and response to major social problems usually involves a mix of hyperbole and denial, inaction and innovation, volunteerism and professionalization, feasts and famines of resources, media applause and attack, and unsustained successes and long-term failures. What is usually lacking is a consistent, thoughtful effort. Yet help is given and lives are changed, for better and sometimes worse. Social Welfare 20 considers the American approach to social problems through an examination of issues such as substance abuse, mental illness, poverty and inequality, homelessness, family violence, and child maltreatment. Each area will be explored in terms of history, causes and dimensions, and human service and social policy responses.

#### SOC WEL 98BC Berkeley Connect in Social Welfare 1 Unit

Terms offered: Spring 2018, Fall 2017, Spring 2017

Berkeley Connect is a mentoring program, offered through various academic departments, that helps students build intellectual community. Over the course of a semester, enrolled students participate in regular small-group discussions facilitated by a graduate student mentor (following a faculty-directed curriculum), meet with their graduate student mentor for one-on-one academic advising, attend lectures and panel discussions featuring department faculty and alumni, and go on field trips to campus resources. Students are not required to be declared majors in order to participate.

## SOC WEL 105 Introduction to Child Welfare in California and the U.S. 2 Units

Terms offered: Summer 2017 Second 6 Week Session, Summer 2016 10 Week Session, Summer 2015 Second 6 Week Session

This course introduces students to the purpose, functions, and programs of the public child welfare system in the United States, with a particular focus on California, in a historical context, and with an emphasis on social justice and diversity concerns in policy-making and service delivery.

The course explores U.S. child welfare history/historical traumas, cultural and diversity issues, ethical considerations, mandated reporting of suspected child maltreatment, family and kinship supports, allied community services, causes for child removals and returns to families, judicial involvement, sibling-group placements, foster care, emancipation from the system, first-person guest speaker accounts, and policy-level interventions.

## SOC WEL 150L Sexuality and Social Work 2 Units

Terms offered: Summer 2016 10 Week Session, Summer 2015 First 6 Week Session, Summer 2014 First 6 Week Session

This course introduces the developmental, psychological and environmental issues related to sexuality at different stages in life, and in different social service venues. It includes an introduction to the strengths perspective, exploration of heterosexist aspects of society, policies related to a person's sexuality and gender, and ethics and diversity issues often arising in work with sexual minorities. Variability within sexual culture is addressed, introducing students to the strengths of the LGBT community, the experience of growing up and discovering sexuality, and how research and practice models define homosexuality in relation to human sexuality and development. Issues of sexuality in specific social work settings are addressed.
