

Development Studies

Note: The Development Studies Major is being retired and replaced by Global Studies. The deadline to declare Development Studies is Friday, December 8, 2017. Please visit the Global Studies website (<http://globalstudies.berkeley.edu>) or the Global Studies (<http://guide.berkeley.edu/archive/2017-18/undergraduate/degree-programs/global-studies>) page on the Berkeley Academic Guide for more information.

Bachelor of Arts (BA)

The Development Studies (DS) major focuses on social transformation or change. The problems of social transformation are urgent, massive, complex, and often transcend the boundaries of conventional academic disciplines.

DS examines the problems, processes, and prospects for the development of human and material resources in what are generally thought to be the less developed areas of the world. To study comparative development effectively, one must draw upon many disciplines and construct a balanced understanding of historical and contemporary processes. Thus, studying development as a social transformation requires a blending of knowledge and perspectives from political science, economics, sociology, psychology, anthropology, geography, history, and environmental science.

Declaring the Major

Applications are accepted during the fall and spring semesters from the third week of instruction until the last day of instruction (not the last day of finals). Applications are accepted during the summer from the last week in May until the beginning of the fall semester (not the beginning of classes).

To be eligible to declare, students must not be in the final semester of their undergraduate work. For further information on prerequisites required before declaring the major, please see the Major Requirements tab on this page.

Additionally, students are encouraged, but not required, to complete two semesters of college-level foreign language or the equivalent before applying to the major.

To get declared you must both:

- Attend a Major Declaration Workshop (check the schedule in the IAS office for dates)
- Meet with an IAS adviser to submit the DS application materials

Bring a completed DS application to the workshop. Application materials may be submitted after attending the Major Declaration Workshop. However, students will not be officially declared until they have both attended a workshop and submitted all declaration papers.

Honors Program

To be eligible for honors, students must have senior standing and a GPA of 3.6 in the major and 3.5 in all work completed at UC Berkeley. Doing honors includes a year-long course sequence (IAS H102 in the fall and DEV STD H195 in the spring) in which students learn how to formulate a

hypothesis, conduct supporting research, and complete a thesis paper of approximately 75 pages or longer.

Minor Program

There is no minor program in Development Studies.

In addition to the University, campus, and college requirements, listed on the College Requirements tab, students must fulfill the below requirements specific to their major program.

Repeat Rule

Students who earn a grade of F, D-, D, D+ or NP may repeat the course only once. Regardless of the grade the student receives for their second attempt (including F, D-, D or D+), the student may **not** repeat the course a third time.

General Guidelines

1. All courses taken to fulfill the major requirements below must be taken for graded credit, other than courses listed which are offered on a *Pass/No Pass* basis only. Other exceptions to this requirement are noted as applicable.
2. No more than one upper division course may be used to simultaneously fulfill requirements for a student's major and minor programs, with the exception of minors offered outside of the College of Letters & Science.
3. A minimum grade point average (GPA) of 2.0 must be maintained in both upper and lower division courses used to fulfill the major requirements.

For information regarding residence requirements and unit requirements, please see the College Requirements tab.

Summary of Major Requirements

Lower division requirements: five courses

Foreign language requirement: proficiency equivalent to four college-level semesters

Upper division requirements: nine courses

DEV STD C10(History of Development and Underdevelopment)

Disciplinary courses: two courses

Development courses: two courses

Methodology: one course

Concentration: three courses

Lower Division Requirements

DEV STD C10	Course Not Available	4
ECON 1	Introduction to Economics ²	4
or ECON 2	Introduction to Economics--Lecture Format	
ANTHRO 3	Introduction to Social and Cultural Anthropology	4
IAS 45	Survey of World History	4
STAT 2	Introduction to Statistics	4
or STAT C8	Foundations of Data Science	
or STAT 20	Introduction to Probability and Statistics	
or STAT 21	Introductory Probability and Statistics for Business	

¹ Students must receive a C grade or higher. This course can only be repeated once. All Development Studies majors are required to take DEV STD C10

² Students must receive a C grade or higher. This course may be repeated only once.

Foreign Language Requirement

DS majors must demonstrate proficiency in a modern language other than English by the last semester of their senior year. Proficiency is equivalent to the ability achieved in four college-level semesters (or two years). Language courses taken in high school do not satisfy this requirement. See below for details on how to fulfill the foreign language requirement.

Languages accepted by the College of Letters & Science are not automatically accepted by the DS major. Please check with a DS adviser for eligible languages.

There are a variety of ways to fulfill the four-semester language requirement for DS, depending on the individual and his or her background and ability.

- 1. **Advanced Placement (AP) or International Baccalaureate (IB)**
test: An AP score of 5 or an International Baccalaureate (IB) score of 7 will complete this requirement. An AP score of 4 will place a student into the fourth-semester college level course. A score of 3 will place a student into the third-semester college level course. Documentation of AP scores must be provided.
- 2. **Coursework:** Any combination of college courses, summer programs, or college-level study abroad programs can satisfy the language requirement. At a minimum, students must complete the fourth semester (i.e., the second semester of intermediate level) of a language with a grade of C- or better in order to fulfill the requirement. The first, second, and third-level courses may be taken on a *Pass/No Pass* basis. Language courses need not be taken at UC Berkeley. Courses taken at a community college or any accredited school or university may be acceptable. Transcripts must be submitted and evaluated by a DS adviser. A one-semester upper division course taken abroad in the target language may satisfy the foreign language requirement, depending on the school and program followed. For more information, see a DS adviser concerning language study abroad.
- 3. **Proficiency exam:** Some, but not all, language departments on campus offer proficiency testing for students with advanced skills in that language. Please note that if a particular language is not taught on the UC Berkeley campus, then students are not able to test in that language. A student would then need to choose one of the other methods for fulfilling the foreign language requirement. Please speak with a DS adviser about proficiency testing.
- 4. **High school completion in a non-English language:** Students who were educated in a non-English language through the completion of high school or the equivalent may wish to satisfy this requirement with that experience. This requires a language proficiency exam.

Upper Division Requirements

DEV STD C100	History of Development and Underdevelopment	4
Disciplinary courses		
Select two courses from the same discipline (see below for approved options)		
Development courses		
Select two courses from the development course list (see below)		
Methodology		

Select one course from either the statistical methods category or the research design category.

Statistical Methods:	
DEMOG 110	Introduction to Population Analysis
ECON 140	Economic Statistics and Econometrics
ECON 141	Econometric Analysis
ECON C142/ POL SCI C131/ PUB POL C142	Applied Econometrics and Public Policy
ENVECON/ IAS C118	Introductory Applied Econometrics
IND ENG 162	Linear Programming and Network Flows
PSYCH 101	Research and Data Analysis in Psychology
PB HLTH 142	Introduction to Probability and Statistics in Biology and Public Health
SOCIOL 106	Quantitative Sociological Methods
STAT 131A	Introduction to Probability and Statistics for Life Scientists
Research Design:	
AFRICAM 101	Research Methods for African American Studies
ANTHRO 169B	Research Theory and Methods in Socio-Cultural Anthropology
ENV DES 100	The City: Theories and Methods in Urban Studies
ETH STD 101A	Social Science Methods in Ethnic Studies
ETH STD 101B	Humanities Methods in Ethnic Studies
ETH STD 195	Selected Issues in Comparative Ethnic Studies Research ¹
GPP 105	The Ethics, Methods, and Pragmatics of Global Practice (Available to Global Poverty and Practice students only.)
IAS 102	Scope and Methods of Research in International and Area Studies
IAS H102	Scope and Methods of Research in International and Area Studies
LGBT 145	Interpreting the Queer Past: Methods and Problems in the History of Sexuality
M E STU 102	Scope and Methods of Research in Middle Eastern Studies
NATAMST 110	Theories and Methods in Native American Studies
SOCIOL 105	Research Design and Sociological Methods
SOCIOL 108	Advanced Methods: In-depth Interviewing

Concentration	
Select three courses from the approved concentration list (see below).	

¹ Requires approval of a DS adviser

Disciplinary Course List

Anthropology	
ANTHRO 114	History of Anthropological Thought
ANTHRO 141	Comparative Society
ANTHRO 147A	Anthropology of Gender
ANTHRO/ LGBT C147B	Sexuality, Culture, and Colonialism
ANTHRO 148	Anthropology of the Environment

ANTHRO 169B Research Theory and Methods in Socio-Cultural Anthropology

Economics

Select one course from each list. Students may choose from 2 different series.

Microeconomics

IAS 106	Intermediate Microeconomic Theory
ECON 100A	Economic Analysis--Micro
ECON 101A	Economic Theory--Micro
UGBA 101A	Microeconomic Analysis for Business Decisions

Undergraduate students in the College of Letters & Science must fulfill the following requirements in addition to those required by their major program.

For detailed lists of courses that fulfill college requirements, please review the College of Letters & Sciences (<http://guide.berkeley.edu/archive/2017-18/undergraduate/colleges-schools/letters-science>) page in this Guide.

Entry Level Writing (<http://writing.berkeley.edu/node/78>)

All students who will enter the University of California as freshmen must demonstrate their command of the English language by fulfilling the Entry Level Writing requirement. Fulfillment of this requirement is also a prerequisite to enrollment in all reading and composition courses at UC Berkeley.

American History and American Institutions (<http://guide.berkeley.edu/archive/2017-18/undergraduate/colleges-schools/letters-science/american-history-institutions-requirement>)

The American History and Institutions requirements are based on the principle that a US resident graduated from an American university, should have an understanding of the history and governmental institutions of the United States.

American Cultures (<http://americancultures.berkeley.edu/students/courses>)

American Cultures is the one requirement that all undergraduate students at Cal need to take and pass in order to graduate. The requirement offers an exciting intellectual environment centered on the study of race, ethnicity and culture of the United States. AC courses offer students opportunities to be part of research-led, highly accomplished teaching environments, grappling with the complexity of American Culture.

Quantitative Reasoning

The Quantitative Reasoning requirement is designed to ensure that students graduate with basic understanding and competency in math, statistics, or computer science. The requirement may be satisfied by exam or by taking an approved course.

Foreign Language

The Foreign Language requirement may be satisfied by demonstrating proficiency in reading comprehension, writing, and conversation in a foreign language equivalent to the second semester college level, either by passing an exam or by completing approved course work.

Reading and Composition

In order to provide a solid foundation in reading, writing, and critical thinking the College requires two semesters of lower division work in composition in sequence. Students must complete a first-level reading and composition course by the end of their second semester and a second-level course by the end of their fourth semester.

Breadth Requirements

The undergraduate breadth requirements provide Berkeley students with a rich and varied educational experience outside of their major program. As the foundation of a liberal arts education, breadth courses give students a view into the intellectual life of the University while introducing them to a multitude of perspectives and approaches to research and scholarship. Engaging students in new disciplines and with peers from other majors, the breadth experience strengthens interdisciplinary connections and context that prepares Berkeley graduates to understand and solve the complex issues of their day.

Unit Requirements

- 120 total units, including at least 60 L&S units
- Of the 120 units, 36 must be upper division units
- Of the 36 upper division units, 6 must be taken in courses offered outside your major department

Residence Requirements

For units to be considered in "residence," you must be registered in courses on the Berkeley campus as a student in the College of Letters & Science. Most students automatically fulfill the residence requirement by attending classes here for four years. In general, there is no need to be concerned about this requirement, unless you go abroad for a semester or year or want to take courses at another institution or through UC Extension during your senior year. In these cases, you should make an appointment to meet an adviser to determine how you can meet the Senior Residence Requirement.

Note: Courses taken through UC Extension do not count toward residence.

Senior Residence Requirement

After you become a senior (with 90 semester units earned toward your BA degree), you must complete at least 24 of the remaining 30 units in residence in at least two semesters. To count as residence, a semester must consist of at least 6 passed units. Intercampus Visitor, EAP, and UC Berkeley-Washington Program (UCDC) units are excluded.

You may use a Berkeley Summer Session to satisfy one semester of the Senior Residence requirement, provided that you successfully complete 6 units of course work in the Summer Session and that you have been enrolled previously in the college.

Modified Senior Residence Requirement

Participants in the UC Education Abroad Program (EAP) or the UC Berkeley Washington Program (UCDC) may meet a Modified Senior Residence requirement by completing 24 (excluding EAP) of their final 60 semester units in residence. At least 12 of these 24 units must be completed after you have completed 90 units.

Upper Division Residence Requirement

You must complete in residence a minimum of 18 units of upper division courses (excluding EAP units), 12 of which must satisfy the requirements for your major.

Learning Goals for the Major

1. Develop strong interdisciplinary training with control over key concepts in the social sciences:
 - Develop a critical understanding of conventional and non-conventional measures and indices of development.
 - Comprehend core concepts pertaining to development studies which are part of larger social scientific traditions and analysis (state, market, civil society).
 - Understand the genealogy of particular theoretical traditions of development that are both rooted in and cross cut the disciplines.
 - Grasp the complex relations between development as a series of planned interventions (at various levels) and the dynamics, conflicts and rhythms of historical change and social transformation.
2. Apply an interdisciplinary approach to the analysis of international development theory and practice:
 - Recognize how differing concepts and ideas are translated into development practice.
 - Identify the multiple forms of state and non-state interventions – and the map of multilateral, bilateral and local development institutions – associated with contemporary international development.
 - Integrate understandings of market, state and civil society, and grasp how they are deployed in development theory and practice.

Skills

1. Acquire historical & geographical knowledge and language skills:
 - Examine the historical processes by which the Global South emerged from within the modern world system (post 1450).
 - Develop a comparative understanding of major world regions and their interrelations.
 - Gain a substantive knowledge of cultural, political, economic, and historical development of one particular region of the developing world; if possible, participate in Education Abroad Program in a country in the region.
 - Acquire language skills relevant to regional expertise.
2. Demonstrate research, critical reading, and writing skills:
 - Formulate well-organized arguments supported by evidence.
 - Write clearly and effectively.
 - Apply basic quantitative skills.

- Critically evaluate arguments in professional, public and advocacy literatures.
- Gain some practical experience through internships.

Development Studies

DEV STD 24 Freshman Seminar 1 Unit

Terms offered: Fall 2015, Spring 2014

The Freshman Seminar Program has been designed to provide new students with the opportunity to explore an intellectual topic with a faculty member in a small seminar setting. Freshman seminars are offered in all campus departments, and topics vary from department to department and semester to semester. Enrollment is limited to 15 freshmen.

Freshman Seminar: Read More [+]

Rules & Requirements

Repeat rules: Course may be repeated for credit when topic changes. Course may be repeated for credit when topic changes.

Hours & Format

Fall and/or spring: 15 weeks - 1 hour of seminar per week

Summer: 8 weeks - 2 hours of seminar per week

Additional Details

Subject/Course Level: Development Studies/Undergraduate

Grading/Final exam status: The grading option will be decided by the instructor when the class is offered. Final exam required.

Freshman Seminar: Read Less [-]

DEV STD C100 History of Development and Underdevelopment 4 Units

Terms offered: Spring 2018, Spring 2017, Spring 2016

Historical review of the development of world economic systems and the impact of these developments on less advanced countries. Course objective is to provide a background against which to understand and assess theoretical interpretations of development and underdevelopment. History of Development and Underdevelopment: Read More [+]

Hours & Format

Fall and/or spring: 15 weeks - 3 hours of lecture and 1 hour of discussion per week

Additional Details

Subject/Course Level: Development Studies/Undergraduate

Grading/Final exam status: Letter grade. Final exam required.

Instructor: Hart

Also listed as: GEOG C112

History of Development and Underdevelopment: Read Less [-]

DEV STD 150 Advanced Studies in Development Studies 4 Units

Terms offered: Fall 2017, Fall 2016, Fall 2015

Advanced multidisciplinary research in current issues and topics of development. Seminars will focus on specific geographical areas with appropriate comparative material included. A major research project is required as well as class presentations. Topics change each semester. Advanced Studies in Development Studies: Read More [+]

Rules & Requirements

Repeat rules: Course may be repeated for credit with instructor consent. Course may be repeated for credit when topic changes.

Hours & Format
